Google Cloud Training

Rushikesh Naik

has successfully completed the online Professional Certificate

Generative AI Leader

This comprehensive Gen AI Leader training guides business leaders through the landscape of generative AI, starting with its use cases beyond chatbots. You explore key concepts like AI, ML, and foundation models, then delve into strategic implementation, responsible AI, and Google Cloud's unique strengths in this field. You learn how you can use gen AI apps to enhance your personal productivity and transform how your organization using gen AI agents and applications. Validate the expertise in leveraging Google Cloud's generative AI for business transformation and innovation you gained through the learning path by registering for the Certification exam: https://cloud.google.com/developers/generative-ai-leader?hl=en

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree. Institutions or organizations may, at their discretion, recognize this learning toward their own programs or credentials.
